

Key Highlights for the quarter ended December 31, 2022

Frontier Springs Ltd.

An ISO 14001:2015 Certified Company

About Us

The main aim of Frontier Springs Limited is to manufacture the springs of the best quality and international standards at low cost. To achieve this various processes are undertaken at each and every stage of manufacturing which involves different kinds of testing techniques where our state of the art laboratory is put to use.

We adopt updated technology throughout our processes of manufacturing which is why Frontier Springs Limited is always moving forward and have systematically grown over the years. Our fully equipped laboratory is one such example of our willingness to adopt all the latest techniques that science has to offer in our industry.

Our dedication towards the clients and ultimately the end users is unparalleled. Our aim is to provide the products swiftly but efficiently and safely to all our clients. In the future we are planning on further expansion and development of more forging components for Railways, Heavy Engineering Industries, Defence etc.
