FRONTIER SPRINGS LIMITED AWARDED ₹ 52.20 CRORE ORDER FOR AIR SPRINGS SUPPLY

Frontier Springs Limited, a leader in the manufacturing and supply of Coil Springs to Indian Railways for more than 40 years, is thrilled to announce the award of a significant contract valued at approximately ₹ 52.20 crores. This order, a milestone in the company's history, involves the supply of 894 sets of air springs.

Commenting on the order win, **Kapil Bhatia**, Managing Director, said:

The new plant set up of Air Springs in collaboration with Contitech Germany for which the trials were under way got It's approval last month; received major orders of this scale yesterday and it certainly paves the way for more in the future. Our team is fully prepared and confident in delivering these air springs. We are optimistic and anticipate that orders will keep coming our way. We are scheduled to supply quantities on a monthly basis, aiming to complete the order by the end of this calendar year."

This order is a significant step in Frontier Springs Limited's journey towards becoming a prominent player in the supply of Air Springs to Indian railways. It strengthens our position in the market as a reliable and quality-driven supplier.

About Frontier Springs Limited

Founded in 1981, Frontier Springs began its journey as a manufacturer of Leaf Springs and Laminated Bearing Springs for Automobiles and Railways. Today, the company primarily produces Hot Coiled Compression Springs and forging items, catering especially to the needs of Wagon, Locomotives, and Carriage sectors. Registered with RDSO since 1990, Frontier Springs is a trusted supplier to the Indian Railways.

Frontier Springs' manufacturing prowess is spread across two state-of-the-art facilities located in Kanpur, Uttar Pradesh, and Poanta Sahib, Himachal Pradesh. The company's portfolio has witnessed significant diversification, now encompassing forging items from 100 gm to 20 Kg and a specialised Spring Division that addresses the needs of both national and international heavy engineering sectors. Recently, the Company made a strategic foray into the production of Air Springs, marking a significant expansion in its product portfolio.
